

**Ukraine Rough and Ready 2000 Event
Victim Profiles**

Phase 1 (May 17, Wednesday)

Flood Rescue Scenario

20 Victims

0630	Leave Hotel/Transport Medical Personnel to Site	Team C, Control Team
0900	Moulage Begins	Control Team
1000-1030	Victims in Water	
1100	Water Rescue Begins	Team C

<i>Patient ID</i>	<i>Patient History and Profile</i>	<i>Moulage</i>
WR-1	Hypothermia, Severe Caught in Flood, in water for several hours. Altered Mental Status, Core Temperature @ 78 F, Pulse Rate 40, Atrial Fibrillation	None. Briefing and instruction on profile only.
WR-2	Hypothermia, Severe Caught in Flood, in water for several hours. Altered Mental Status, Core Temperature @ 85 F, Pulse Rate 45, Atrial Fibrillation	None. Briefing and instruction on profile only.
WR-3	Hypothermia, Moderate Caught in Flood, in water for several hours. Altered Mental Status, Sleepy. Core Temperature @ 92 F, Pulse Rate 60.	None. Briefing and instruction on profile only.
WR-4	Hypothermia Caught in Flood, in water for several hours. Shivering. Also complaining of lower back pain.	None. Briefing and instruction on profile only.
WR-5	Hypothermia Caught in Flood, in water for several hours. Shivering. Also complaining of Stomach pain. Possible Water-borne illness.	None. Briefing and instruction on profile only.
WR-6	Hypothermia Caught in Flood, in water for several hours. Shivering. Also complaining of Stomach Pain. Possible Water-borne illness.	None. Briefing and instruction on profile only.
WR-7	Hypothermia Caught in Flood, in water for several hours. Shivering. Also complaining of painful or broken left forearm.	None. Briefing and instruction on profile only.
WR-8	Hypothermia Caught in Flood, in water for several hours. Shivering. History of diabetes, has lost medications in flood.	None. Briefing and instruction on profile only.
WR-9	Near Drowning Caught in Flood. CPR performed by rescue personnel. Pulse and Respirations restored. The patient is unconscious. Labored respirations of 12/minute. Pulse of 140/min.	None. Briefing and instruction on profile only.
WR-10	Back Pain Swept away by fast flowing water and hit back on tree.	Bruising to lower back.
WR-11	Chest Pain In water for past several hours. 55 year old man with chest pain suggestive of heart attack. Pain in chest, left arm, and jaw. Profuse sweating. Pale skin.	Pale skin. Briefing and instruction on profile.
WR-12	Abdominal Pain In water for past several hours. Abdominal pain with low blood pressure (100/60) and pulse of 120/minute. Disoriented.	Bruising over left upper quadrant.

WR-13	Allergic Reaction In water for past several hours. Complains that an insect or bee stung him. Allergic to bees. Now has swelling of the face and difficulty swallowing.	None. Briefing and instruction on profile only.
WR-14	Hysterical/Psychiatric In water for past several hours. Angry and hysterical that house and possessions have been lost in the flood.	None. Briefing and instruction on profile only.
WR-15	Hysterical/Psychiatric In water for past several hours. Unable to find 10 year old son who has possibly drowned.	None. Briefing and instruction on profile only.
WR-16	Difficulty Breathing In water for past several hours. 60 year old, Patient with history of lung disease (COPD/emphysema) and congestive heart failure. Severe breathing difficulty, unable to speak.	Cyanotic (blue skin). Briefing and instruction on profile.
WR-17	Broken Lower Leg In water for past several hours. Pain to Right lower leg. Bruising and deformity present.	None. Briefing and instruction on profile only.
WR-18	Water Borne Illness (Leptospirosis) Walk in. Had water from the river several days ago. Now complaining of fever, abdominal pain, vomiting and diarrhea.	None. Briefing and instruction on profile only.
WR-19	Water Borne Illness Walk in. Had water from the river several days ago. Now complaining of abdominal pain, vomiting and diarrhea.	None. Briefing and instruction on profile only.
WR-20	Food Borne Illness Walk in. Last eaten about 18 hours ago with about 50 other people at a food kitchen set up to feed flood victims. Has heard that many other people have gotten sick. The food kitchen is still feeding flood victims.	None. Briefing and instruction on profile only.

Air Crash Scenario
15 Victims

0800	Leave Hotel/Transport Medical Personnel to Site	Team A, B
1100	Moulage Begins	Team A
1400	Air Crash Event Begins	Team B

<i>Patient ID</i>	<i>Patient History and Profile</i>	<i>Moulage</i>
AC-1	Head Trauma Unconscious 48 year old man, snoring respirations, 8/minute. Decreased breath sounds right chest, Muscles flaccid, no response to verbal stimuli, decorticate response to painful stimuli.	Bump/bruise to forehead. 3" laceration to face. Bruise to upper right quadrant of chest.
AC-2	Head Trauma 3 " Laceration to scalp. Neck Pain.	Laceration to scalp.
AC-3	Head Trauma Combative. No visible signs of trauma except bruise to forehead.	Bruise to forehead. Briefing and instruction on profile.
AC-4	Burns and Neck Pain Sustained first, second, and third degree burns to 40% of body. Complains of neck pain.	Second degree burns to the right hand and arm, with small areas of third degree burn. 1 st and 2 nd degree burns on the right side of chest and back, and to the face.
AC-5	Neck Pain Complaint of neck pain.	None. Briefing and instruction on profile only.
AC-6	Abdominal Pain 32 year old. Alert, oriented, complaining of abdominal pain. Abdomen tender to touch. Skin warm and dry. B/P 118/60 P 136 R 28	Minor facial lacerations and abrasions. Pale. Abdomen has abrasions. Minor laceration to right hand.
AC-7	Back Pain, Burns Patient complaining of upper back pain. 10% Burns to left arm and back.	First and second degree burns to left arm and some on back.
AC-8	Back Pain, Fractured arm Open fracture of left arm. Also some minor back pain.	Open fracture of left arm.
AC-9	Back Pain Lower Back pain.	None. Briefing and instruction on profile only.
AC-10	Chest Trauma, Pneumothorax Open wound to right chest. Decreased breath sounds on the right. B/P 110/76 P 108 R 24	Open wound to right chest.
AC-11	Chest Trauma, Myocardial Contusion Chest pain from trauma. Bruising to sternum. Irregular heart beat.	Bruising to sternum.
AC-12	Chest Trauma Chest wall pain. Multiple rib fractures. Paradoxical respirations. Able to walk.	Chest wall bruising over 4 ribs on right side.
AC-13	Fractured Femur Right femur fracture. Conscious, alert, oriented.	Bruising to Right Femur area.
AC-14	Dead CPR in progress.	
AC-15	Dead No breathing. Massive Head Injury.	

Technological Accident Scenario
20 Victims

0800	Leave Hotel/Transport Medical Personnel to Site	Team A, B
1100	Moulage Begins	Team B
1530	Technological Accident Event Begins	Team A

<i>Patient ID</i>	<i>Patient History and Profile</i>	<i>Moulage</i>
TA-1	Head Trauma Extricated from collapsed building. Semi-conscious, inappropriate verbal responses, combative when aroused.	Bruising behind both ears.
TA-2	Neck pain Extricated from collapsed building. Conscious, awake, oriented. Neck pain. Left femur fracture, right foot crushed. B/P 96/60 P 124 R 28	
TA-3	Back Pain/Fractured lower legs Extricated from collapsed building. No memory of events. Back pain. Pain in both lower legs and left knee. Bilateral lower leg fractures.	Multiple lacerations and abrasions. Swollen, bruised left knee. Closed fractures both lower legs with swelling and bruising. Swollen, bruised on forehead.
TA-4	Crush Syndrome	
TA-5	Crush Syndrome	
TA-6	Chest Trauma Left Tension Pneumothorax. Difficulty breathing. Diminished breath sounds on left side. Tracheal Shift to right. Jugular Venous Distention.	Bruising to left chest. Cyanotic from nipple line on up.
TA-7	Chest Pain 45 year old man with chest pain suggestive of heart attack. Pain in chest, left arm, and jaw. Profuse sweating. Pale skin.	
TA-8	Fractured Arm Fractured left humerus. Unable to lift arm.	
TA-9	Lacerations Multiple lacerations and abrasions. Conscious, oriented, restless.	Lacerations and Bruising around arms.
TA-10	Lacerations Laceration to scalp, face, and eye.	Pale. Laceration to left eye area.
TA-11	Fractured Lower Leg Pain to Right lower leg. Bruising and deformity present.	
TA-12	Respiratory Distress, Minor Inhalation of Ammonia.	None. Briefing and instruction on profile only.
TA-13	Respiratory Distress, Minor Inhalation of Ammonia.	None. Briefing and instruction on profile only.
TA-14	Respiratory Distress, Moderate Inhalation of Ammonia.	None. Briefing and instruction on profile only.
TA-15	Respiratory Distress, Moderate Inhalation of Ammonia.	None. Briefing and instruction on profile only.
TA-16	Respiratory Distress, Severe Inhalation of Ammonia. Extreme distress.	None. Briefing and instruction on profile only.
TA-17	Dead	

TA-18	Dead	
TA-19	Dead	
TA-20	Dead	

Phase 2 (May 18)

Disaster Medical Assistance Team/Aero-Medical Evacuation 40 Victims

0630	Leave Hotel/Transport medical personnel to site	Team A, B, C
0730	Begin Moulage	
0900-1200	Begin Disaster Medical Assistance Team/AES Event	All California Personnel
1200	Lunch	
1300-1600	Begin Ukraine Field Hospital/AES Event	Ukrainian Personnel

<i>Patient ID</i>	<i>Patient History and Profile</i>	<i>Moulage</i>
DMAT-1	Hypothermia, Severe Caught in Flood, in water for several hours. Altered Mental Status, Core Temperature @ 78 F, Pulse Rate 40, Atrial Fibrillation	None. Briefing and instruction on profile only.
DMAT-2	Hypothermia, Severe Caught in Flood, in water for several hours. Altered Mental Status, Core Temperature @ 85 F, Pulse Rate 45, Atrial Fibrillation	None. Briefing and instruction on profile only.
DMAT-3	Hypothermia, Moderate Caught in Flood, in water for several hours. Altered Mental Status, Sleepy. Core Temperature @ 92 F, Pulse Rate 60.	None. Briefing and instruction on profile only.
DMAT-4	Hypothermia Caught in Flood, in water for several hours. Shivering. Also complaining of lower back pain.	None. Briefing and instruction on profile only.
DMAT-5	Hypothermia Caught in Flood, in water for several hours. Shivering. Also complaining of Stomach pain. Possible Water-borne illness.	None. Briefing and instruction on profile only.
DMAT-6	Hypothermia Caught in Flood, in water for several hours. Shivering. Also complaining of Stomach Pain. Possible Water-borne illness.	None. Briefing and instruction on profile only.
DMAT-7	Hypothermia Caught in Flood, in water for several hours. Shivering. Also complaining of painful or broken left forearm.	None. Briefing and instruction on profile only.
DMAT-8	Hypothermia Caught in Flood, in water for several hours. Shivering. History of diabetes, has lost medications in flood.	None. Briefing and instruction on profile only.
DMAT-9	Near Drowning Caught in Flood. CPR performed by rescue personnel. Pulse and Respirations restored. The patient is unconscious. Labored respirations of 12/minute. Pulse of 140/min.	None. Briefing and instruction on profile only.
DMAT-10	Back Pain Swept away by fast flowing water and hit back on tree.	Bruising to lower back.
DMAT-11	Chest Pain In water for past several hours. 55 year old man with chest pain suggestive of heart attack. Pain in chest, left arm, and jaw. Profuse sweating. Pale skin.	Pale skin. Briefing and instruction on profile.
DMAT-12	Abdominal Pain In water for past several hours. Abdominal pain with low blood pressure (100/60) and pulse of 120/minute. Disoriented.	Bruising over left upper quadrant.

DMAT-13	Allergic Reaction In water for past several hours. Complains that an insect or bee stung him. Allergic to bees. Now has swelling of the face and difficulty swallowing.	None. Briefing and instruction on profile only.
DMAT-14	Hysterical/Psychiatric In water for past several hours. Angry and hysterical that house and possessions have been lost in the flood.	None. Briefing and instruction on profile only.
DMAT-15	Hysterical/Psychiatric In water for past several hours. Unable to find 10 year old son who has possibly drowned.	None. Briefing and instruction on profile only.
DMAT-16	Difficulty Breathing In water for past several hours. 60 year old, Patient with history of lung disease (COPD/emphysema) and congestive heart failure. Severe breathing difficulty, unable to speak.	Cyanotic (blue skin). Briefing and instruction on profile.
DMAT-17	Broken Lower Leg In water for past several hours. Pain to Right lower leg. Bruising and deformity present.	None. Briefing and instruction on profile only.
DMAT-18	Water Borne Illness (Leptospirosis) Walk in. Had water from the river several days ago. Now complaining of fever, abdominal pain, vomiting and diarrhea.	None. Briefing and instruction on profile only.
DMAT-19	Water Borne Illness Walk in. Had water from the river several days ago. Now complaining of abdominal pain, vomiting and diarrhea.	None. Briefing and instruction on profile only.
DMAT-20	Food Borne Illness Walk in. Last eaten about 18 hours ago with about 50 other people at a food kitchen set up to feed flood victims. Has heard that many other people have gotten sick. The food kitchen is still feeding flood victims.	None. Briefing and instruction on profile only.

DMAT-21	Head Trauma Unconscious 48 year old man, snoring respirations, 8/minute. Decreased breath sounds right chest, Muscles flaccid, no response to verbal stimuli, decorticate response to painful stimuli.	Bump/bruise to forehead. 3" laceration to face. Bruise to upper right quadrant of chest.
DMAT-22	Head Trauma 3 " Laceration to scalp. Neck Pain.	Laceration to scalp.
DMAT-23	Head Trauma Combative. No visible signs of trauma except bruise to forehead.	Bruise to forehead. Briefing and instruction on profile.
DMAT-24	Burns and Neck Pain Sustained first, second, and third degree burns to 40% of body. Complains of neck pain.	Second degree burns to the right hand and arm, with small areas of third degree burn. 1 st and 2 nd degree burns on the right side of chest and back, and to the face.
DMAT-25	Neck Pain Complaint of neck pain.	None. Briefing and instruction on profile only.
DMAT-26	Abdominal Pain 32 year old. Alert, oriented, complaining of abdominal pain. Abdomen tender to touch. Skin warm and dry. B/P 118/60 P 136 R 28	Minor facial lacerations and abrasions. Pale. Abdomen has abrasions. Minor laceration to right hand.
DMAT-27	Back Pain, Burns Patient complaining of upper back pain. 10% Burns to left arm and back.	First and second degree burns to left arm and some on back.
DMAT-28	Back Pain, Fractured arm Open fracture of left arm. Also some minor back pain.	Open fracture of left arm.

DMAT-29	Back Pain Lower Back pain.	None. Briefing and instruction on profile only.
DMAT-30	Chest Trauma, Pneumothorax Open wound to right chest. Decreased breath sounds on the right. B/P 110/76 P 108 R 24	Open wound to right chest.
DMAT-31	Chest Trauma, Myocardial Contusion Chest pain from trauma. Bruising to sternum. Irregular heart beat.	Bruising to sternum.
DMAT-32	Chest Trauma Chest wall pain. Multiple rib fractures. Paradoxical respirations. Able to walk.	Chest wall bruising over 4 ribs on right side.
DMAT-33	Fractured Femur Right femur fracture. Conscious, alert, oriented.	Bruising to Right Femur area.
DMAT-34	Dead CPR in progress.	
DMAT-35	Dead No breathing. Massive Head Injury.	

DMAT-36	Head Trauma Extricated from collapsed building. Semi-conscious, inappropriate verbal responses, combative when aroused.	Bruising behind both ears.
DMAT-37	Neck pain Extricated from collapsed building. Conscious, awake, oriented. Neck pain. Left femur fracture, right foot crushed. B/P 96/60 P 124 R 28	
DMAT-38	Back Pain/Fractured lower legs Extricated from collapsed building. No memory of events. Back pain. Pain in both lower legs and left knee. Bilateral lower leg fractures.	Multiple lacerations and abrasions. Swollen, bruised left knee. Closed fractures both lower legs with swelling and bruising. Swollen, bruised on forehead.
DMAT-39	Crush Syndrome	
DMAT-40	Crush Syndrome	
DMAT-41	Chest Trauma Left Tension Pneumothorax. Difficulty breathing. Diminished breath sounds on left side. Tracheal Shift to right. Jugular Venous Distention.	Bruising to left chest. Cyanotic from nipple line on up.
DMAT-42	Chest Pain 45 year old man with chest pain suggestive of heart attack. Pain in chest, left arm, and jaw. Profuse sweating. Pale skin.	
DMAT-43	Fractured Arm Fractured left humerus. Unable to lift arm.	
DMAT-44	Lacerations Multiple lacerations and abrasions. Conscious, oriented, restless.	Lacerations and Bruising around arms.
DMAT-45	Lacerations Laceration to scalp, face, and eye.	Pale. Laceration to left eye area.
DMAT-46	Fractured Lower Leg Pain to Right lower leg. Bruising and deformity present.	
DMAT-47	Respiratory Distress, Minor Inhalation of Ammonia.	None. Briefing and instruction on profile only.

DMAT-48	Respiratory Distress, Minor Inhalation of Ammonia.	None. Briefing and instruction on profile only.
DMAT-49	Respiratory Distress, Moderate Inhalation of Ammonia.	None. Briefing and instruction on profile only.
DMAT-50	Respiratory Distress, Moderate Inhalation of Ammonia.	None. Briefing and instruction on profile only.
DMAT-51	Respiratory Distress, Severe Inhalation of Ammonia. Extreme distress.	None. Briefing and instruction on profile only.
